

# The Redmayne Report on Underwriting and Claims 2006

Redmayne Consulting is pleased to announce that the inaugural 2006 Report will be launched in May.

The Redmayne Report on Underwriting and Claims is a new report to provide comprehensive analysis of underwriting and claims in the UK and Irish markets. The Report looks at strategic, operational and reinsurance issues using qualitative and quantitative analysis. This includes an extensive independent, telephone-based survey of Insurer Chief Underwriters, Underwriting and Operations Managers and Claims Managers.

Issues addressed include:

- Organisational structures and processing
- Expert systems and teleunderwriting
- Outsourcing
- Reinsurance and reinsurers
- Quality control and auditing

The Report will be valuable to anyone involved in these important areas for protection business.
